\* \* \* \* \* I joined level up academy when i was in 9th class for science.... Now i am in 10th and all the science concepts are on my tips. Pooja ma'am is the best science teacher i have been taught from till now... Then in 10th class i joined maths sessions also and i am very satisfied with my progress as i was very poor in maths but vaibhav sir helped and encouraged me that's why i scored good marks. I will surely recommend to join level up academy as it has very professional teaching.

\*\* \* \* \* I joined this institute because my maths and science were extremely week, but within a month I became topper of the class in these subjects. This was very shocking and surprising for me as well as my parents. But, I was able to do so because of the amazing and professional teachers of Level Up Academy( mrs. Ankita Kukreja, Ms. Pooja Goel and Vaibhav Kukreja). My concepts got stronger, better understanding and great improvement in marks. I am glad and thankful to god for getting such wonderful teachers who made these excellent changes in my studies.
